

Member Personal History Profile

The NNWA continually attempts to expand the body of knowledge about the people who made the Navy Nuclear Weapons Program the success that it was. To further that effort we ask that the general membership and in particular new members, contribute some information about their time in the program. The information will be digitized, maintained in the NNWA records, and made available to share to the membership at each annual reunion. Reading other members profiles at a reunion makes for great conversation and memories!

This form is also available in PDF format in the “Members Only” area of the NNWA website for ease of use. Please complete this form and email or mail it to:

1. Initial Nuclear Weapons Training command (such as A-school):

If you have the time please add a narrative about some of the people, places, and events - both unique and routine, which were memorable. This can be a story about your entire career or a few sentences about duty stations, the Personnel Reliability Program, NTPI's, NWAI's etc. that might be interesting to those who wish to know more about our unique lives in the Navy Nuclear Weapons Program. It is important as otherwise this information will be lost to history. Use additional pages as desired.
